**INSURANCE WAIVER  
PRIVATE AND COMMERCIAL INSURANCES**

Your private, commercial insurance or Medicare will only pay for services that it determines to be “reasonable and customary” under Section 1862 (a) (1) of the Medicare law.

It will be patient responsibility to verify that your insurance will cover any procedure performed by our providers.

Private and Commercial insurances may deny coverage for the following reasons:

- 1) Valid insurance referral is not presented by the patient at the time of service.
- 2) Patient is not listed as a covered dependent on said plan
- 2) Patient policy has terminated at time of service and/or patient did not present front desk with a current insurance card
- 3) Patient went to a non participating facility for any lab tests or procedures; it is patient responsibility to verify correct lab and/or facility.
- 4) Patient has not updated demographic information

If my insurance plan or Medicare should deny any or all charges then I agree to be personally and fully responsible for any and all balances due.
